Seminár

FIDIC: Contract Conditions, Technical Specifications and Claim Management

Ing. Milan Oleriny

Participation on lectures prepared by **Verlag Dashofer** will expand your knowledge with cases immediately applicable to your daily practice. Participation on lectures will strengthen your Project and Contract Management expertise. Participants will be much more confident in using these complex Contracts after completing the course.

Verlag Dashofer also provides a comfortable learning process, avoiding travel costs and lengthy absences from the workplace. Participants work on real life cases and practice the application of various contract conditions. A prime objective of our lectures is **to assist professionals working in the international construction industry through training and consultancy** in respect to management disciplines relating to the industry, leading to successfully completed projects.
